## **Riverport Insurance Services Bestows First Platinum Sponsorship to the Nonprofit Risk Management Center**

LEESBURG, Virginia—The Nonprofit Risk Management Center celebrates its ongoing partnership with Riverport Insurance Services, the Center’s first Platinum Sponsor as of February 2016.

Riverport Insurance Services, a W.R. Berkley Company, bestowed a Platinum Sponsor gift of \$25,000 to the Center for fiscal year 2016. Riverport is a longstanding Corporate Sustainer of the Center, and is the first sponsor to pledge support at the Platinum level. Riverport’s partnership will enable the Center to produce exciting new risk management resources for leaders of the nonprofit sector, including a risk-benchmarking app for nonprofit leaders to assess their own risk management programs against the programs of their peer organizations.

“Riverport’s generous contribution means so much to the Center,” notes executive director Melanie Lockwood Herman. “This will enable us to reach an even larger community of nonprofits with engaging, state-of-the-art risk management resources.” Additionally, Riverport’s sponsorship supports the Center’s annual conference, the Risk Summit, which will take place in Chicago, Illinois in September 2016.

“Riverport Insurance is excited to extend and deepen its commitment to the Nonprofit Risk Management Center in recognition of their effectiveness and dedication to the nonprofit sector,” said Roger Nulton, President of Riverport Insurance. “Riverport and the Center share a mutual goal of supporting nonprofits through education and training designed to manage risk and maximize the resources nonprofit leaders can dedicate to their missions. We are excited to further our support of the Center and their clients.”

The Center team thanks Riverport Insurance Services for its continued support of the Center’s mission to inspire risk-aware nonprofit leaders.
